GENERAL LAND OFFICE, *January 23, 1844.*

SIR: In obedience to the resolution of the House of Representatives, adopted on the 10th instant, requiring the Commissioner of the General Land Office "to report to this House what cancellations of permits, issued under the act for the occupation of the Florida peninsula, have been ordered by him; the dates and other particulars of said permits; and the grounds upon which they were cancelled;" I have the honor to transmit, herewith, document No. 1, containing the information required; and also document No. 2, exhibiting certain cases in the Newnansville district, in which the applicants have failed to comply with the fourth condition and stipulation of the first section of the armed occupation act of the 4th August, 1842, requiring them to establish the fact that the settlement has been commenced, &c., and in which the permits, as the law now stands, must also be cancelled.

With great respect, your obedient servant,

Statement showing "what cancellations of permits, issued under the act for the occupation of the Florida peninsula, have been ordered by the Commissioner of the General Land Office; the dates, and other particulars of said permits; and the grounds upon which they were cancelled."

## NEWNANSVILLE.

No. of permit.	Date of permit.	Name of settler.	Designation of tract.	Causes of cancellation.
18	Dec. 21, 1842	John Curry	W $\frac{1}{4}$ of NW $\frac{1}{4}$ , and W. $\frac{1}{4}$ of SW. $\frac{1}{4}$ , s. 25, t. 12, r. 19	The law requires the settler to take one quarter-section. According to the opinion of a former Attorney General, (Mr. Taney,) "a quarter-section of land is a parcel of land, the form and contents of which are defined and regulated by act of Congress;" and he said, "I do not think that the President can substitute for it other parcels which may be deemed an equivalent in value." (Printed Instructions, &c., part 2d, page 180, No. 118.) And again, in another case, same vol. of Instructions, page 183, No. 120, "In my opinion, the location made by the Governor was not authorized by the act of Congress. The words 'a quarter-section of land' are, I believe, never used in any of the acts of Congress to denote merely the quantity of 160 acres of land, but are always intended to describe a parcel of land containing 160 acres, which has been set apart and designated by the proper officer of the Government as a quarter-section, according to the act of Congress prescribing the mode of surveying and dividing the public lands." This location not confined within the limits of a technical quarter-section.

WAR DEPARTMENT, November 11, 1843.

SIR: The subject of the reservation from sale of the islands referred to in your letter of the 7th ultimo has been referred to the Commanding General, and other experienced officers, for reports.

It may be doubted if the occupation of any islands on the coast comes within the spirit of the act of August 4, 1842, for the armed occupation of Florida. Under our present limited knowledge of the importance of the sites referred to in your letter, as to their importance for military positions, light-houses, &c., it is deemed safest to continue, for the present, the reservation from sale of all islands on the Gulf, as well as the other sites designated and pointed out in the reports of the Adjutant General of the 20th and 28th of September last; copies of which are herewith transmitted.

Very respectfully, your obedient servant,

J. M. PORTER.

T. H. BLAKE, Esq.,

Commissioner General Land Office.
